

BLUEBERRY & THIRD

FOR THE MONTESSORI CLASSROOM

AMS
2025

Welcome to our classroom

We are overjoyed to meet all the teachers, administrators, and educators who are passionate about Montessori - just like us! As parents ourselves to two Montessori students, we initially started curating our collection in our own home, then branched out to local markets + stores, and then developed relationships with Montessori Schools throughout the US. Now, we are here to be inspired by the energy that The Montessori Event 2025 brings and we look forward to showcasing our collection in Denver.

Take a peek into our Collection and how we can add value to your Montessori Classroom!

About Us

Blueberry and Third was started by two Montessori parents, that were inspired by their own little girls to create open-ended and engaging products that benefit learning in the classroom and at home. All of our products are made from birch wood and feature water-based finishes that are non-toxic and safe for curious kids. We're passionate about quality products and look forward to adding value to you Montessori Classroom.

Our Mission

Crafted with care and creativity, our mission at Blueberry and Third is to bring our passion of learning and play into classrooms and play spaces through the creation of premium-quality wood furniture and material.

We are committed to designing and crafting products that promote exploration, imagination, and hands-on learning experiences for children. With a focus on quality, safety, and environmental responsibility, we strive to be a trusted partner for educators, parents, and caregivers seeking long-lasting solutions for children's spaces.
